1. Getting Started

Open your browser and navigate to:

<https://calm-sky-0d7181d1e.7.azurestaticapps.net>

You will land on the **Product List** page, which shows all available listings. No account is required to browse.

2. Browsing Products

Product List Page

The main page displays all available products as cards. Each card shows:

- Product image
- Title and seller name
- Price
- Category badge
- Stock availability (e.g., "Only 5 left!" or "Out of Stock")

Filtering by Category

Use the category buttons at the top of the product list to filter by:

- **All** — show every listing
- **Textbooks**
- **Electronics**
- **Clothing**
- **Furniture**

Viewing Product Details

Click any product card (or the product title) to open the **Product Detail Page**. This page shows:

- Full product description
- Price and seller name

- Stock status
 - Quantity selector (if in stock)
 - **Add to Cart** button
-

3. Creating an Account

To add items to your cart and place orders, you need a Buckeye Marketplace account.

1. Click **Register** in the navigation bar at the top of the page.
2. Fill in the registration form:
 - **Display Name** — the name shown on your profile
 - **Email** — must be a valid email address (used to sign in)
 - **Password** — must be at least 8 characters, contain at least one uppercase letter, and at least one digit
 - **Confirm Password** — must match the password field
3. Click **Create Account**.
4. On success, you are automatically signed in and redirected to the home page. Your display name appears in the navigation bar.

Password requirements:

- Minimum 8 characters
 - At least one uppercase letter (A–Z)
 - At least one digit (0–9)
-

4. Signing In

If you already have an account:

1. Click **Sign In** in the navigation bar.
2. Enter your **Email** and **Password**.
3. Click **Sign In**.
4. On success, your display name appears in the navigation bar and you are returned to the page you were on.

Forgot your password? Password reset is not currently supported. Contact the site administrator at admin@buckeyemarketplace.com.

5. Adding Items to Your Cart

You must be signed in to add items to your cart.

From the Product List

1. On the product list page, locate the item you want.
2. Use the – and + buttons to select a quantity (if the product is in stock).
3. Click **Add to Cart**.
4. The button briefly turns green with "✓ Added!" to confirm the item was added.
5. The cart count in the navigation bar updates immediately.

From the Product Detail Page

1. Click a product to open its detail page.
2. Use the quantity picker to choose how many you want.

3. Click **Add to Cart**.

Stock limits: You cannot add more items than are in stock. The + button disables when you reach the available quantity.

Out of Stock: Items showing "Out of Stock" cannot be added to the cart. The Add to Cart button is disabled.

6. Managing Your Cart

Click the **Cart** link in the navigation bar (shows the item count) to open your cart.

Cart Page Features

Action	How
Change quantity	Click – or + next to an item
Remove one item	Click Remove next to the item
Clear entire cart	Click Clear Cart at the bottom
See order total	Displayed at the bottom right

The cart automatically saves to your account — your items will still be there if you close the browser and return later (as long as you sign back in).

When you are ready to buy, click **Checkout** at the bottom of the cart page.

7. Placing an Order

1. From the Cart page, click **Checkout**.
2. Review your cart summary on the left side of the checkout page.
3. Fill in your **Shipping Address**:
 - Street Address
 - City
 - State
 - ZIP Code
4. Click **Place Order**.
5. You are taken to the **Order Confirmation** page, which shows:
 - Your confirmation number (format: BM-XXXXXXX)
 - A list of items ordered with quantities and prices
 - Your total and shipping address
 - Order status: **Pending**

Save your confirmation number for your records.

8. Viewing Your Order History

1. Click **My Orders** in the navigation bar (only visible when signed in).
2. The Order History page lists all your past orders, showing:
 - Confirmation number
 - Date placed

- Items and quantities
- Order total
- Current status

Order Statuses

Status	Meaning
Pending	Order received, not yet processed
Processing	Seller is preparing your order
Shipped	Order is on its way
Delivered	Order has been delivered

9. Admin Guide — Managing Products

This section is for administrators only. The Admin link only appears in the navigation bar when you are signed in with an admin account.

Admin credentials:

- Email: `admin@buckeyemarketplace.com`
- Password: `Admin123!`

Accessing the Admin Dashboard

1. Sign in with the admin account.
2. Click **Admin** in the navigation bar.
3. The Admin Dashboard opens on the **Products** tab by default.

Adding a New Product

1. On the Products tab, fill in the **Add New Product** form at the top:
 - **Title** — product name
 - **Description** — seller's description of the item
 - **Price** — listed price (numbers only, e.g. `29.99`)
 - **Category** — select from Textbooks, Electronics, Clothing, or Furniture
 - **Seller Name** — name to display on the listing
 - **Stock** — number of units available
 - **Image URL** — link to a product image (e.g. from `picsum.photos`)
2. Click **Add Product**.
3. The new product appears in the product list immediately.

Editing a Product

1. Find the product in the product table on the Products tab.
2. Click **Edit** next to the product.
3. The form at the top populates with the product's current values.
4. Make your changes.
5. Click **Update Product** to save.

Deleting a Product

1. Find the product in the product table.
2. Click **Delete** next to the product.
3. The product is removed immediately from the marketplace.

Note: Deleting a product does not remove it from existing orders. Order history is preserved.

10. Admin Guide — Managing Orders

Viewing All Orders

1. From the Admin Dashboard, click the **Orders** tab.
2. All orders from all customers are displayed, showing:
 - Confirmation number
 - Customer email
 - Items ordered
 - Total
 - Current status

Updating an Order Status

1. Find the order in the orders table.
2. In the **Status** column, select a new status from the dropdown:
 - Pending
 - Processing
 - Shipped
 - Delivered
3. Click **Update** next to the order.
4. The status updates immediately and the customer will see the new status in their Order History.
